Job description

Company Description

Sphiria Digital Studio is a leading IT services and digital marketing agency that has guided hundreds of small, medium, and large-scale organizations to achieve their goals. We specialize in the areas of web applications, digital marketing, eCommerce, and web 3.0 development services.

Role Description

This is a full-time remote role for a Creative Graphic Designer. The Creative Graphic Designer will be responsible for creating graphics, designing brand identities, web and logo designs, and collaborating with cross-functional teams. Other important day-to-day tasks include managing multiple design projects, creating and editing visual content, maintaining project timelines, and effectively communicating with team members and clients.

Qualifications

- Bachelor's degree in graphic design, Web Design or related field.
- Strong knowledge of Graphic Design and Graphics skills.
- Experience in branding and web design.
- Familiarity with logo design principles.
- Excellent design skills and a keen eye for detail.
- Strong communication and collaboration abilities.
- An impressive portfolio of design work.
- Proficiency in Adobe Creative Suite (Photoshop, Illustrator, InDesign), Figma and other design tools.
- Experience in creating UX design assets.

All the eligible candidates are able to apply for this position. Please send your portfolio along with your updated CV to careers@sphiriadigital.com.
