- Oversee the operational performance of our ambulance services, including response time optimization and service quality.
- Drive technological innovation within our emergency medical services, leveraging the latest in medical technology and IT solutions.
- Develop and implement operational strategies that align with our mission to provide free, high-quality emergency medical assistance island-wide.
- Ensure robust training programs for our emergency medical technicians and call center staff, emphasizing medical expertise and compassionate service.
- Cultivate partnerships with government institutions, international donors, and local communities to enhance the foundation's impact and reach.
- Oversee financial management, including budgeting, forecasting, and ensuring the sustainability of the foundation's services.

Qualifications

- A Bachelors and Master's degree.
- At least 5 years of management experience
- Proven track record of operational excellence and innovation.
- Strong leadership skills, with the ability to inspire and motivate a diverse team.
- Strong understanding of emerging technologies, including artificial intelligence, and data analytics.
- Excellent communication and interpersonal skills, with proficiency in English, Sinhala, and Tamil being highly desirable.
- Demonstrated ability to navigate complex government and donor relations.
